## *From Lincoln Financial...*

To provide producers and clients alike greater control, Lincoln is introducing eApp for MoneyGuard® III on the iPipeline iGO® platform or through your Lincoln producer website.

eApp is an innovative way to expedite the application process online—saving you time and money. It ensures that your paperwork is in good order, so you avoid the hassles of resubmissions.

### Process Highlights

- eApp offers electronic applications of the application Part I and solicitation forms to streamline the submission experience and reduce turn-around-times from submission to Personal History Interview (PHI). Not currently available for CA/NY or 1035 exchanges.
- Online scheduling offers clients the option to schedule their PHI online vs. over the phone.
- eDelivery offers an electronic way to collect signatures on delivery and ensures the Delivery Requirements are returned to Lincoln in good order. Not currently available in NY.

For financial professionals use only. Not for use with the general public.
