A FIXED INDEX ANNUITY IS NOT A SECURITY and fixed index annuity policies are not an investment in the stock market or in financial market indexes. Index Account interest is based, in part, on index performance. Past performance of an index is not an indication of future index performance. There is no guarantee that the index interest rate will be greater than zero percent. There is no guarantee that the Company will declare an interest rate greater than the guaranteed minimum effective interest rate.

All guarantees, including optional benefits, are based on the claims-paying ability of the issuing insurance company.

The living benefit fee percentage may increase each living benefit anniversary with an automatic step-up. The owner has 30 days after the living benefit anniversary to reject an automatic step-up, and retains the right to all future automatic step-ups if they reject one. The maximum living benefit fee percentage allowed is 1.90%. Because the living benefit fee is a percentage of the withdrawal base (WB) the amount of the fee will fluctuate as the WB increases or decreases.

All policies, riders, and forms may vary by state, and may not be available in all states: ICC14 FIA0214, NIC14 FIA0214(FL), ICC14 RDR50214.

Transamerica Secure Retirement Index® II Annuity is issued by Transamerica Life Insurance Company in Cedar Rapids, Iowa. Available in all states except New York and Montana.

For Agent Use Only. Not for Use With the Public.
